

Corporate Partnership Program

With a reach of more than 80,000 EMS practitioners, the National Association of Emergency Medical Technicians (NAEMT) is well positioned to help you reach your target markets. NAEMT is the only national association representing all EMS practitioners, including Paramedics, emergency medical technicians, emergency first responders and other professionals working in prehospital emergency medicine.

Through our corporate partnership program, you can partner with the leading EMS organization in our nation and the world to support the work of EMS professionals to provide the highest quality prehospital patient care.

When you choose to become an NAEMT corporate partner, we will work with you to build a marketing package that best suits your company with a maximum return on investment. NAEMT provides additional, value-added exposure for our corporate partners on our website by publishing their announcements, case studies and research, and we keep our partners updated on our progress through our quarterly printed *NAEMT News*, monthly e-news *NAEMT Pulse*, and our quarterly corporate partners e-news.

Partnering with NAEMT is one of the best investments, for the best value, that your company can make. Learn more about all of the print, online, event and program opportunities, and options available with NAEMT at www.naemt.org under the Corporate Partner tab.

For more information, contact Melissa Trumbull at corporatepartners@naemt.org or 800-346-2368.
