Dear Dr. Lerner,

NAEMT appreciates the time that you and Dr. Schwartz spent on our Board of Directors conference call last Friday to provide additional information about the Model Unit Core Criteria for Mass Casualty Triage.

I am pleased to inform you that the NAEMT Board of Directors voted to endorse the criteria as presented in the final MUCC document. On behalf of our Board, please accept my thanks for including NAEMT in the development of this very important document.

Sincerely,

Patrick Moore  
President, NAEMT
