

Sponsor EMS on the Hill Day

March 20-21, 2012 Washington, D.C.

Show your strong support for EMS professionals throughout the nation.

Become a sponsor of EMS on the Hill Day – and help EMS professionals on the national stage as they visit Congressional leaders and staff on Capitol Hill in Washington, D.C., to advocate for EMS. Now in its third year, this important day is the only national advocacy event for EMS. It is of utmost importance that elected national leaders hear from EMS professionals directly about the needs of their communities and understand the challenges that EMS practitioners face in providing emergency medical care to their patients.

You can help our nation's EMS professionals get their message heard. Your generous sponsorship supports EMS practitioner travel grants, pre-visit educational briefing and materials, and scheduling of visits.

Sponsorship Levels and Benefits

► Champion - \$5,000 sponsorship
