

# EMS 3.0

Our nation's healthcare system is transforming from a fee-for-service model to a patient-centered, and value and outcomes-based model, known as "Healthcare 3.0." Emergency Medical Services (EMS) can contribute to this transformation by filling gaps in the care continuum with 24/7 medical resources that improve the patient care experience, improve population health, and reduce healthcare expenditures – this is "EMS 3.0."

EMS is uniquely positioned to support our nation's healthcare transformation by assessing and navigating patients to the right care, in the right place, at the right time. EMS 3.0 can help our nation achieve its healthcare goals.

EMS 3.0 can help transform our nation's healthcare system by filling gaps in the care continuum with 24/7 medical resources that improve the patient care experience, improve population health, and reduce healthcare expenditures. Here's how:
