

Help Drive The Future of EMS

EMS ON THE HILL DAY
April 20, 2016
(briefing April 19)
Washington, D.C.

TIMES ARE CHANGING FOR EMERGENCY MEDICAL SERVICES. Will your organization be a driver or a passenger in the process?

EMS On The Hill Day provides you the opportunity to drive the future of EMS. This annual educational event brings together our nation's EMS community – from agencies and practitioners representing all delivery models, to the leaders of national EMS organizations.

EMS On The Hill Day provides a platform for EMS professionals to engage members of Congress on the issues that impact them the most in the field, and their patients, on a daily basis.

TAKE THE WHEEL!

SPONSOR EMS ON THE HILL DAY... DRIVE THE FUTURE OF EMS.
View available opportunities on the reverse side.

“Engaging our elected officials is an important part of keeping EMS-related issues at the forefront of the legislative process. OnStar is proud to support NAEMT in this effort.”

Catherine M Bishop,
OnStar
