

## **EMPACT to AMLS Transition Process**

NAEMT is pleased to introduce the following streamlined process for EMPACT course sites and instructors to convert to AMLS. We have various ways to facilitate this transition while still ensuring the quality of our course instruction.

### **Training Centers:**

1. Provide to NAEMT a list of your EMPACT instructors with verification of their current instructor status.
2. Ensure that each of your EMPACT instructors has completed the NAEMT Instructor Preparation Course prior to teaching an AMLS course. (This course only needs to be taken once by an NAEMT instructor.)
3. Register your course site with NAEMT at [http://www.naemt.org/course\\_coordinators\\_audience/site\\_application.aspx](http://www.naemt.org/course_coordinators_audience/site_application.aspx).
4. Teach the site's first AMLS provider course and be successfully monitored by an NAEMT affiliate faculty member in your area.
5. Once successfully monitored, your site will be able to offer AMLS courses per NAEMT standards.

### **For Instructors Only:**

1. Provide to NAEMT verification of your current EMPACT instructor status.
2. Ensure that you have completed the NAEMT Instructor Preparation Course prior to teaching an AMLS course. (This course only needs to be taken once by an NAEMT instructor.)
3. Arrange to teach your first AMLS provider course at an approved NAEMT Training Center and be successfully monitored by an NAEMT affiliate faculty member in your area.
4. Once successfully monitored, you will be approved to teach AMLS courses through approved NAEMT sites.

Please do not hesitate to contact NAEMT at [education@naemt.org](mailto:education@naemt.org) with any questions.
