

To: AMLS Instructors

The instructor requirements for the GEMS course are similar to other NAEMT courses, which include:

1. Successful completion of the GEMS provider course.
2. Successful completion of the NAEMT Instructor Course, for those faculty who have never taken the course.
3. Teaching the initial course monitored by a GEMS affiliate faculty.

However, the GEMS Committee has waived the requirement of an affiliate monitored initial course for all AMLS faculty. AMLS faculty will only need to have taken the GEMS provider course and the NAEMT Instructor Course to begin teaching GEMS.

We hope that all AMLS faculty will become GEMS instructors. If you are interested in becoming a GEMS instructor, please email education@naemt.org indicating your interest. Please include your full name, city, state, and a phone number where you can be reached.
