

Chris Cebollero

Position Sought: Treasurer

Statement of Candidacy

It is an honor to announce my candidacy for Treasurer of the National Association of Emergency Medical Technicians.

NAEMT has been my professional home since 1999. Throughout the past 27 years, I have had the privilege of serving our members in many capacities, each one reinforcing my commitment to advancing the EMS profession and strengthening our association. My service has included the AMLS Committee, Chair of the Emergency Pediatric Care (EPC) Committee, Vice President of the NAEMT Foundation, the Professional Education and Programs Committee (PEPL), the Lighthouse Leadership Program, and as Affiliate Faculty for AMLS, EPC, and PHTLS. Today, I am honored to once again serve on both the NAEMT Board of Directors and the NAEMT Foundation.

These experiences have provided me with a broad understanding of our mission, our programs, and, most importantly, the needs of our members.

Professionally, I have spent my career leading EMS organizations through strategic growth, operational excellence, financial accountability, and organizational transformation. As an executive leader, I understand that responsible financial stewardship is more than balancing a budget. It is about ensuring every dollar entrusted to our organization supports our mission, delivers value to our members, and positions NAEMT for long-term success.

If elected Treasurer, I will work collaboratively with the Board, Executive Committee, staff, and our membership to ensure sound fiscal oversight, transparency, and thoughtful planning. I believe strong financial leadership creates opportunities to expand education, strengthen advocacy, invest in future leaders, and continue building the programs that make NAEMT the voice of EMS professionals around the world.

I also believe leadership is built on service. Throughout my career, I have been committed to mentoring future leaders, developing educational programs, and giving back to the profession that has given so much to me. That same commitment will guide my service as Treasurer.

Our profession continues to evolve, bringing new challenges and new opportunities. NAEMT must remain financially strong, strategically focused, and member-centered to meet those challenges. I am prepared to help lead that effort with integrity, accountability, and a collaborative spirit.

I respectfully ask for your support and your vote for Treasurer of the National Association of Emergency Medical Technicians. Together, we can continue building an organization that serves today's EMS professionals while preparing the next generation of leaders.

Thank you for your trust, your confidence, and your continued dedication to our profession.
