Letter of support for Tony Bixby, MBA, NRP, CCEMT-P, FP-C as a candidate for NAEMT Director Region 2

I am honored to be able to support Chief Bixby in his candidacy for the regional director position. Chief Bixby's experience as Director of Prehospital Services North Central PA Region and Chief of Susquehanna Regional EMS System make him an excellent candidate for the director position. Not only has he prepared for this role through experience, but also through his education and participation in NAEMT programs such as the Lighthouse Leadership Program. He was a graduate of the inaugural class.

My first contact with Chief Bixby was through his application and interview process for the NAEMT Lighthouse Leadership Program. It was clear from that point that he was the type of emerging leader that the program was created for. Since graduation, he has continued to give back and support NAEMT as a mentor for new mentees in the program.

As a former NAEMT Board Member, I know the commitment, attitude, professionalism and skills it takes to represent NAEMT, and Chief Bixby excels in all of these areas.
